Microbes in Your Scalp

Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk. Professor Uuna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. That microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We know of nothing that has given such universal satisfaction in treating the scalp and hair as Retall "93" Hair Tonic. It has been designed after long study to overcome the cause of falling hairs discovered by Prof. Uuna, Dr. Sabouraud and other scalp and hair specialists, and we believe it will do more than anything else can to remove dandruff and stop falling hair; and if any human agency can promote a new growth of hair it will do that, too.

We want you to make us prove it. We will pay for a month's treatment of Retall "93" Hair Tonic used during a trial, if you will use it according to directions, and are not thoroughly satisfied. When we will do this, you surely should not hesitate to at least try it.

Start the treatment today. Your mere request will get your money back if you want it. Two sizes: 50c and \$1.00.

You can buy Retall "93" Hair Tonic in this community only at our store:

'If I Should Die Tonight'

Don't reflect, act.

If you should die tonight, your family might be in actual need of that dollar a week you might have saved. For that dollar a week, if you had deposited regularly, would amount to a good-sized sum which, with its interest, would assist your family over a crisis.

Saving is a mighty good habit, anyway.

Better begin now.

**CHARTER DRAFTING
MAKES PROGRESS**

Substantial progress was made last night by the municipal charter revision committee, at a meeting in the city hall with Governor Frear in the chair. At the suggestion of Judge Whitney, the specific directions regarding plan of organization of departments by the city manager were struck out, leaving that officer a free hand subject to accountability to the council. Mayor Fern and W. T. Rawlins opposed the clause preventing a recipient of compensation from a public utility corporation from holding any municipal office, but the sentiment of the meeting was strongly in support of that provision. Several details were referred to the drafting committee, with certain indications of the wishes of the meeting. The committee adjourned to the call of the chair.

Cardinal Gibbons expressed his approval of the amendment to the Nevada divorce laws, and said he hoped that in time divorce would be impossible.
